For any more information on each track and contact details of track chairs, visit

<http://www.ecis2011.fi>

Submission of FULL RESEARCH PAPERS and RESEARCH-IN-PROGRESS (Submission Deadline 1st of December 2010)

Research papers should report innovative and significant work within one of the tracks listed. The papers should be suitable for a scientific and industrial audience, and support claims supported by appropriately described evidence and/or references to the relevant literature. Full papers should not exceed 12 pages in length (7 pages for research-in-progress) and include an abstract of up to 150 words.

Papers must not have been previously published or submitted elsewhere.

If accepted, the paper must be personally presented at the ECIS2011 Conference by the author or one of the co-authors. The presenting author(s) must pre-register for the conference before the due date of the camera-ready paper. Research papers will be double blind reviewed.

Research-in-Progress will be presented in a Poster Session specifically designed to allow interaction between authors and their interested colleagues.

Submission of PANEL Proposals
(Submission Deadline 31st January 2011)

All panel submissions should focus on informing or challenging the IS community in some way. All submissions should describe how your panel would engage the audience, possibly including some form of audience participation during the panel. All panels will run for 90 minutes.

Panel proposals should be limited to 4 pages and include:

- a) Panel title
- b) Short summary of the panel topic
- c) Short statement of how this panel will engage the audience and contribute to the conference and the theme
- d) List of the panelists
- e) Short CV of the panel organizer(s) and moderator(s)
- f) How will the panel involve the audience?
